U.N. Secretary Won't Rehire Ousted Workers

UNITED NATIONS, N. Y. (AP) — U. N. Secretary General Dag Hammarskjöld says he won't rehire four American employees, ousted in connection with U. S. loyalty probes, despite a U. N. tribunal's order for their reinstatement.

Hammarskjöld announced his (last) last night as the Senate internal subcommittee ordered an investigation into the tribunal's ruling that the firing of 11 American U. N. employees — including the four — was illegal. All 11 had refused to answer questions about alleged Communist ties.

In ordering the ousters reversed, the tribunal Tuesday called on the U. N. to give the four their jobs back and pay damages and back salaries to the other seven — who wanted money rather than re-employment.

The four-member tribunal, a "supreme court" created by the General Assembly to review appeals from U. N. staff members, had ruled those not reinstated should be paid damages and back salaries.

Gough Named New Director of Recreation

The City Parks and Recreation Department announced today that it had selected Charles C. Gough as director to succeed Kelsey Moore who has entered the Armed Forces.

Mr. Gough is 24 years old and a native of Hope. He graduated from Hope High School in 1947, and received his A.B. degree from Ouachita College with a major in Business Administration and a minor in Social Science. During his college work he took twenty hours of Physical Ed and Recreational Planning. While in the Air Force, he had two years in Special Services work where he gathered good experience in organized recreation of many types. He has been a member of the American Legion baseball team for a number of years.

Mr. Gough will start on his new position as Director on Sept. 7. He will immediately begin with the organization of a Youth Canteen, along the lines that have been conducted in the past. Mr. Gough requests that parents and teenage youth interested in this project to please contact him, Mrs. Dick Watkins, or Mr. J. L. Liebling, also watch the press and listen to the radio for the date of a planned meeting. It is desired to get things ready to go by Sept. 11, the date of the first football game, so that an after-football game entertainment can be arranged.

Now that fall is near, Mr. Gough and the Commission are formulating plans for indoor activities for all groups and are most anxious for groups or individuals to come forward with suggestions. A bridge, canasta, and checker tournament are in the plans. Persons interested in these events should get in touch with Mr. Gough.

The Commission feels that it was fortunate in securing Mr. Gough for this position and solicits city-wide co-operation in their endeavor to give Hope a year-round recreation program.

Pilot Also Cracks All Speed Marks

EL SEGUNDO, Calif. (AP) — Marine Corps speed pilot who flew the Douglas D-558-2 Skyrocket to a record altitude of 63,235 feet now has piloted the rocket plane at a speed faster than any other military flyer.

In an attempt to crack the 1,233 m.p.h. record set in the same aircraft by Douglas test pilot Bill Bridgeman, Lt. Col. Marion E. Carl, 37, of Quantico, Va., flew it at 1,143 m.p.h. yesterday high above Edwards Air Force Base.

The Skyrocket was dropped from the bomb bay of a Superfortress at 32,000 feet. Carl ignited his rockets and roared upward. He leveled off at 68,000 feet and started into a downslide. The peak speed was reached at 48,000 feet.

Guardsmen Plan Fishing Trip

Members of the local National Guard company will go on a fishing trip Saturday, September 5. All members are to meet at the Armory at 8:30 p.m. and transportation will be furnished to Little River.

Holly Grove Meet Starts Sunday

A revival meeting will be held at the Holly Grove Methodist Church, Emmet Circuit, beginning Sunday night at 7:30. The Rev. T. M. Armstrong of Nashville will do the preaching. The meeting will close Friday night, September 11. The Rev. J. W. Rushing is the pastor of the church.

30 Minute TV Show Tonight to Salute Hope

KCMC TV will present "A Salute to Hope, Arkansas" tonight at 8:30 p.m. This will be presented in the form of a talent show beamed at the folks gathered at the Armory for Hope's first TV fair.

Local viewers will see performers Frances Weisenberger, Martin Poole, Jr., Lou Nell Cox, Edwin Murphy, Verline and Haskell Jones, and Paula Bailey from Hope, Tenor Sammy Floyd from Nashville and pianist Gil Gentry from Willisville.

MIAMI, Fla., (UP) — A king-size hurricane with winds clocked at 138 miles an hour churned up mammoth waves across Atlantic shipping lanes today but apparently spared the oft-battered Leeward Islands.

An Air Force reconnaissance plane flew into the turbulent atmosphere kicked up by hurricane Carol and reported that the tropical blow had built up against killer. No shipping was reported in the immediate path and land masses were still at a safe distance.

DENVER (AP) — President Eisenhower today created a new operations coordinating board under the National Security Council to strengthen "the security programs of the United States in the world struggle."

The President signed an executive order providing for abolition of the old Psychological Strategy Board within 60 days, and shifting its functions to the new unit.

The main purpose is establishing the new board is to provide better coordination in carrying out the security programs of the United States in the world struggle, a statement issued at the summer White House said.

The new board will report to the National Security Council, of which the President is chairman.

CHICAGO (AP) — A picket who has trudged an estimated 40,000 miles in 12 years in front of an automobile company lost his job yesterday as Chicago's longest strike was settled.

"It was beginning to get rather monotonous," said Alexander Scott Orr, who had been on picket duty since 1941 at the Petersen Chevrolet Co., The AFL Auto Mechanics Union had picketed the company since 1939.

"I walked slow," said Orr, a 60-year-old ruddy-faced Scot. "If you walk too fast the people can't read the sign. Then, I was getting old on the job too—that slowed me down some."

Nurse Who Killed Baby to Die in Chair

By REX THOMAS

MONTGOMERY, Ala. (AP) — A nurse who poisoned the infant niece she had nursed for \$5,500, then calmly watched the body cut open for an autopsy, dies in an electric chair tonight unless Gov. Gordon Parsons intervenes.

If she pays the penalty, 55-year-old Mrs. Earle Dennison will be the first white woman ever electrocuted in Alabama. One other white woman was sentenced to death, but the verdict was reversed on appeal. A Negro woman was put to death in 1930.

The governor, who can commute Mrs. Dennison's sentence to life imprisonment if he chooses to spare her life, will announce his decision following a morning clemency hearing.

Unless he overrules the trial court's verdict, the frail, impassive nurse will be led from her death cell at Kilby Prison at one minute after midnight and electrocuted for the arsenic slaying of 2-year-old Shirley Diane Weldon.

She also was charged with killing Weldon's child, Polly Ann, but was never tried for that offense. Arsenic was found in the bodies of both girls.

The haggard, gray-haired widow was convicted by a male jury at Wetumpka in August 1952, but the death sentence was set aside pending an automatic appeal to the State Supreme Court. The court upheld the verdict last June and then denied a rehearing a month later.

Gov. Parsons then postponed the execution from Aug. 21 to Sept. 4 to give psychiatrists time to determine the condemned woman's mental condition. She had pleaded insanity at her trial. Doctors decided three days ago that she was sane.

Mrs. Dennison, who had been chief operating room nurse at the Wetumpka, Ala., hospital, was arrested May 8, 1952, seven days after Shirley Diane died in convulsions at the hospital.

She admitted in two signed statements that she gave arsenic to the blonde, curly-haired child in a soft drink during a visit to the Weldon home near Wetumpka May 1. Mrs. Dennison recalled that Shirley Diane had climbed affectionately into her lap and hugged her around the neck just before she swallowed the poison.

While the child lay dying, Mrs. Dennison said, she drove to the home of an insurance agent and paid an overdue premium on a \$500 policy on the child's life. The aunt was the beneficiary on that policy and on another one for \$5,000.

Cool Air Moves in, Relief From Heat Expected

By The Associated Press

A mass of cool air — the first well come relief from the prolonged heat wave — moved into the mid-section of the country today.

But in the eastern quarter the heat, and in some sections humidity, held a vise-like grip on the weather.

The heat spell was nearly two weeks old in some sections east of the Continental Divide. However, in most places it was in its 10th day today.

At least 114 deaths were attributed to the high temperatures, which scorching almost daily in every state of the sunnier belt. Millions of dollars in crops were ruined by the sun and lack of moisture.

The cool air moved into Montana, Wyoming and Colorado Wednesday night. Snow, sleet and ice forced closing of an entrance to Yellowstone National Park. Temperatures dropped to freezing and just above that mark.

By The Associated Press
Hot, sticky weather held its vice-like grip over most of the eastern half of the nation today but the summer season's record-breaking heat wave appeared cracking.

The northern fringes of the Midwest got the first welcome relief from the prolonged siege of hot weather that has caused more than 100 deaths and dealt damaging blows to crops.

The cooler air from Canada that moved into the Dakotas fanned out eastward and southward. It headed into Nebraska and Minnesota. If it is not sidetracked, it was expected to extend into Wisconsin and Iowa during the day and into Michigan and central and northern Illinois tonight.

But there probably will be no cooling in the eastern areas until the weekend. And Weather Bureau officials said it was too early to say if the cool-air mass would get as far as the heat-stricken Atlantic Coast by that time.

The cool air mass is not moving fast, as indicated by the forecast for Midwest areas today. Chicago, will after two straight days of 101 and readings of 95 or higher since Aug. 25, was in the path of the expected cool air.

However, before it arrives, temperatures in the Midwest metropolitan today were expected to reach 98. The forecast for tomorrow was for "near 80" after a low of 62 tonight, which in view of the blistering heat, was regarded as a predicted cool snap.

Experimental Poisoning to Be Studied

The first cotton insect poisoning experimental work on farms in Hempstead and Nevada counties will be observed Tuesday morning, September 8, under the direction of University of Arkansas Entomologist, Dr. Charles Lincoln.

The field day for all cotton producers is under the direction of Hempstead County Agent Oliver L. Adams and Nevada County Agent G. E. Tanner.

The first field day study will be at the Jesse C. Burke farm in Hempstead county at 9 o'clock Tuesday morning. The Burke farm cotton poisoning plots are in the farm-to-market road leaving off highway about two miles east of the Experiment Station.

The Nevada County plots are on the West Garland farm northeast of Emmet school. The Garland farm experimental work will be observed at 11 o'clock Tuesday morning.

Dr. Lincoln will be present to discuss the cotton poisoning work as it is observed by visiting producers. Extension Entomologist Gordon Barnes will also be present.

Several insecticides have been used in the farm tests. Special cotton plots will show the effect of rate, frequency and time on insect control. The check plots where no insecticides were applied will show the true damage caused by cotton insects. All cotton producers and handlers of insecticides will find the field day program very informative and practical.

P. O. Clerk 7 Cents Short, Charged

DENVER (AP) — Hubert Leo Hutt, 31, postal clerk at Fort Collins, Colo., was released under \$5,000 bond yesterday pending his arraignment on a federal charge of misappropriating 7 cents in postal funds.

Charles S. Vigil, U. S. district attorney, said the suspended clerk is accused of collecting 65 cents for mailing fees on a parcel post, then placing only 58 cents stamps on the package.

Methodist Circuit to Hold Family Night Sept. 4

The Methodist Men's Fellowship of the Emmet Circuit will sponsor a circuit-wide family night, Friday, September 4, at the Emmet Methodist Church.

Each family is asked to bring one dish to contribute to a pot-luck supper. Supper will be served at 7:30 and a program will follow.

All the families of the Methodist Churches on the Emmet Circuit are invited.

Russian Pilots Flew in Korean War Early

By GEORGE McARTHUR

PANMUNJOM (AP) — The first American Sabre jet pilot shot down over North Korea returned to freedom today and said Russian pilots were flying MIG jets in combat as early as December 1950.

The early, meanwhile, hinted broadly they may face their prize captive, Maj. Gen. William Dean, in a few days. A South Korean general said Dean would be released within a day or two.

Capt. Lawrence V. Bach of Grand Forks, N. D., reported he was questioned by a Russian officer who said openly that fellow Russians were leading flights of MIGs against American Sabre jets.

Bach, who was shot down Dec. 22, 1950, said he was taken across the Yalu River into Manchuria for questioning by Russian officers after several Russians had questioned him in North Korea.

Communist News Correspondent Wilfred Burchett of the French newspaper L'Humanite said Gen. Dean has been held the past three weeks in a special villa near Kaesong awaiting repatriation.

GIs Couldn't Swim, Drown Just Offshore

By BRYAN HAILSLIP

FT. BRAGG, N. C. (AP) — Twenty soldiers, many of whom could not swim, drowned within sight of comrades on shore here yesterday when a training boat capsized in a reservation lake.

The post public information office said late last night it still did not know how many men were helped ashore. Others swam the 100 yards to safety despite their bulky fatigue uniforms and non-swimmers' puny efforts to grab them.

The men were members of the 406th Engineer Brigade. Most were basic trainees. They were on an orientation ride on the mile-long lake in a boat consisting of two 14-foot-long assault craft bolted together end to end. It went down in about 10 feet of water.

Otto Edwards, Ft. Bragg safety director, said the normal load for such a boat is only about 25 men.

Partition of Germany Hit By Dulles

WASHINGTON (AP) — Secretary of State Dues today denounced continued partition of German as "a scandal" and "a crime."

He said Russia was solely to blame for this. In a statement, Dulles called on Russia to attend a Big Four foreign ministers meeting, as proposed by the West, Oct. 1 to discuss the deadlocked German and Austrian problems.

The conference was proposed in a joint U. S.-British-French note to Moscow, made public last night. It appeared to put the Soviets on a diplomatic spot and simultaneously give West German Chancellor Konrad Adenauer powerful campaign ammunition for Sunday's election test.

Dulles' statement was given reporters at a news conference during which the secretary declared that failure of the West German people to reject Adenauer's coalition would have a very disastrous effect on prospect for German unification.

Reputation of Adenauer's moderate government would certainly create confusion which would indefinitely postpone solution of the German problem, he said.

It was the strongest public endorsement of Adenauer yet voiced by any top rank American government official.

Hope Lineman Hurt in 20-Foot Fall From Pole

Bill Arnold, Hope Water and Light plant lineman, was seriously injured about 9 a.m. today when a "hot" wire knocked him off a telephone pole downtown in front of the Police Station.

He suffered a broken wrist, chipped elbow, back injury and a severe gash on the back of his head. He was well as could be expected, a member of the family said.

Arnold was climbing when he came in contact with the hot wire. He was knocked off the pole and fell about 20 feet to the asphalt pavement, landing on his shoulders and the back of his head. He never lost consciousness and told fellow workers and officers what happened.

In a matter of minutes a Fordson-Cornell ambulance took him to Branch Hospital where he is undergoing treatment.

Judge Orders Cafe to Close 8 p. m. Daily

D. D. Chentham, operator of a Negro cafe between Washington and Columbus, yesterday was ordered by the Hempstead Circuit Court to close his place of business at 8 p.m. on week days and to cease Sunday operations.

The hearing before Circuit Judge Lytle Brown was the outgrowth of complaints that disturbances and law violations resulted from gatherings in and around the place, all of which brought about the filing of padlock proceedings by the Prosecuting Attorney.

In other sessions held in the Eighth Circuit during the past several days the following actions were taken:

The docket of the Miller Circuit Court was set for the first two weeks in September. The first week will be devoted to the criminal docket composed of twenty-six felony cases.

A grand jury called into special session by Judge Brown in Clark County to investigate reports of jury tampering resulted in the returning of four indictments wherein Whil Francis and Charley Francis of near Arkadelphia were indicted, each on two charges of attempting to unlawfully influence the decision of a jury. Their cases will be heard in October.

100 Truck Loads of Tomatoes Destroyed

CAMDEN, N. J. (AP) — The Campbell Soup Co. has ordered the destruction of nearly 100 truckloads of ripe tomatoes because the firm has no facilities to process them for canning.

A firm spokesman said tomatoes are ripening earlier than usual in the heat wave.

The company said farmers are being paid for their loads and that the firm is absorbing the loss.

Approximately 97 per cent of tomatoes delivered to the plant Monday, Tuesday and yesterday were ordered destroyed, the spokesman said.

The company said the plant is operating 24 hours a day, seven days a week in an effort to process as many tomatoes as possible.

Century Class to Hold a Picnic

The annual picnic supper of the Century Bible Class will be held at Fair Park tomorrow night. The menu will be topped by catfish and country ham and served by the "losers" in an attendance contest.

Just closed, during which the class had an average Sunday attendance of 188 per Sunday.

A special program of gospel songs will be rendered by two quartettes.

Motorist's Fines Total \$5,000

CHICAGO (AP) — Fines totaling more than \$5,000 were assessed against a motorist yesterday and the judge said the penalty was the highest ever made for traffic offenses in the United States.

Jerry Levenson, alias L. J. Bowen, 72, was fined \$5,300 on traffic violations, most of them speeding, police had hunted him for more than a year but said he had eluded them by changing homes and jobs frequently.

Levenson, a car polisher and father of three children, was unable to pay the fines and was taken to the city jail. He faces a sentence of more than nine years if he works his fines off at the rate of \$1 a day.

Municipal Judge Joseph Butler fined Levenson on each charge and said: "Ordinarily, when a man has to serve a lot of time in jail I feel sorry for him, but this time it's a pleasure."

"You have no respect for the law, the police, or the courts, and I have no respect for you."

Bodies of 21 Plane Victims Recovered

VAIL, Wash. (UP) — The bodies of 21 soldiers and crewmen killed in the crash of a chartered DC-3 plane on the fringe of the Cascade mountains were at Madigan Army hospital today.

The wreckage of the plane was discovered by a ground party 15 miles south here yesterday. The plane had crashed into grove of fir trees Tuesday night.

Aboard were 10 Korean veterans being transferred from Fort Ord, Calif., to Fort Lewis, Wash., on routine assignments, and two crewmen. The plane was owned by Regine Airlines of Florida and under charter to the army.

The crash took place only 27 miles from McChord Field, where the plane was to have landed. It took off from Monterey, Calif.

Its last reported position was over Portland, Ore., at 6:28 p. m. PST.

The plane struck a tree with one wing and cartwheeled into another tree. It burned completely except for the tail section and a chunk of wing. The charred bodies were scattered around the wreckage.

The bodies were removed yesterday a few hours after the wreckage was found.

The Civil Aeronautics Board planned to make a routine investigation of the crash.

First Downed Jet Pilot Is Freed

FREEDOM VILLAGE, (AP) — The first American Sabre jet pilot shot down in Korea was returned by the Reds today. He reported Russian troops were participating in the Korean War as long ago as December 1950.

Capt. Lawrence V. Bach, 20, of Grand Forks, N. D., said he was shot down by a Communist MIG fighter Dec. 22, 1950. He said he was taken to Manchuria, where he was questioned by Russians. He said before going to Manchuria he was questioned by a Russian officer in North Korea who told him that Russian pilots were leading flights of MIGs in combat against Sabre jets.

Robinson said the trials will be heard by Circuit Judge Henry W. Smith of Pine Bluff, who presided during the March Grand Jury's hearings. Smith took over after the Pulaski County Bar Association suggested that Robinson step down. Robinson, a McMath appointee, had dismissed the September Grand Jury which also was looking into Highway Department affairs.

Ice Box Deaths to Be Probed

MARION (AP) — A special grand jury has been called to probe the deaths of five children who were trapped in an old ice box. It was listed an accident. But Circuit Court Judge Z. P. Harrison of Fayetteville, who ordered the probe, said "the suggestion that there was foul play is well founded."

He ordered subpoenas served immediately on 24 witnesses because of reports that several were leaving the state. The grand jury would have jurisdiction over anyone outside of Arkansas.

Misses Pauline and Corene Morris received 88 degrees from ESTC at Commerce, Texas, Friday night and left yesterday for Benton where they have accepted teaching jobs. Mr. and Mrs. Richard Neely Parker will leave today for Muldrow, Okla., to make their home.

Turner said in a statement he wanted to see whether the delegates should decide Legion policies, or whether they should be settled by "the pronouncements of a few legionnaires, past legion officers and present public office holders."

He declined to identify the men he meant by that.

The Security Committee yesterday cut out all reference to a 143-year Air Force recommended by Turner's committee. Instead it called for "the best possible Air Force."

Where does your money go? The Tax Outlook Magazine says a full-time taxpayer spends 2 hours and 40 minutes out of each 24-hour working day just to pay taxes - and one of them wanted to earn enough to pay his taxes, only an hour and 36 minutes for his food bills. But the high cost of living isn't the villain. The federal government spent \$4,700 for red tape last year to the up documents.

Almanac health note: Some doctors believe that victims of heart trouble and high blood pressure may shorten their lives by habitually taking bicarbonate of soda and water to relieve stomach distress. Hays Irked at Trade Act

NORTH LITTLE ROCK — Rep. Brooks Hays (D-Ark.) said yesterday he is disappointed in the 83rd Congress for not amending the Reciprocity Trade Act to ease the flow of world trade.

Trade between the U. S. and other lands. It is estimated that American families spent 230 million dollars for Mother's Day gifts. Only 150 millions for dad on his day. But that's the way dad wants it.

Ever yearn to have a book dedicated to you? Well, it's no average to fame. Dale Carnegie dedicated his famous best seller, "How to Win Friends and Influence People" to a fellow popular author, Homer Crox. "The book sold over three million copies," recalls Crox wryly, "but only four persons mentioned the dedication by name."

The Almanac's regular long-range weather forecast: All present signs indicate that the current widespread hard wave will subside in most parts of the nation, with the arrival of the first killing frost.

Printing Office on War Security Status

WASHINGTON (UP) — The government printing office, object of a current communism and espionage investigation by Sen. Joseph R. McCarthy, was put on a war-time security status today.

Public Printer Raymond Blattenberger said the order was "temporary," pending the completion of a security survey now in progress.

McCarthy charged that the printing office was lax in guarding the thousands of secret and other classified documents entrusted to it for reproduction. Last week, he also disclosed evidence that it had harbored a lucrative gambling handbook operation.

Blattenberger said hereafter no outsiders except those with official business will be admitted to other countries, Hays told the House.

the printing office. Photographic badges will be issued to all employees and visitors will be given special badges and, once admitted to the plant, will be under escort at all times.

Meanwhile, Blattenberger said, a special committee has been established to "re-evaluate... all of the cases of employees still on the rolls who were examined under the old loyalty board proceedings."

To Women With Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritation (the result of wrong diet) may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 60 years, it's amazing how many times Doan's Pills have helped them from these discomforts—help the 15 million kidney tubes and filters flush out waste. Bums Develop Twin-Barreled Headache

By BEN PHLEGAR
Associated Press Sports Writer

The Brooklyn Dodgers nursed a double-barreled headache today as the Milwaukee Braves and Pittsburgh Pirates.

The pesky Braves, who apparently refuse to believe what they read in the papers about the Dodgers being a shoo-in for the flag, are causing the immediate difficulty. The Big Chief of the New York Yankees poses a problem the Dodgers will have to deal with later this month, assuming they solve the Milwaukee trouble.

Like a lot of headaches, this one stems from what happened last night.

The Braves tripped the Dodgers, 9-3 in Brooklyn, giving them a 5-0 split at Ebbets Field so far this year. No other club has come close to breaking even against the Dodgers in Brooklyn.

The loss cut Brooklyn's lead to 10 games with 22 to play, 3 more against Milwaukee.

Reynolds, regarded by many as the key to the Yankees' World Series hopes, made his third start since the end of June and pitched eight excellent innings in beating St. Louis 6-1. This was only his fourth start in a starting role the season although he's won 11 games.

Plagued by ineffectiveness and injuries in recent weeks, Reynolds appeared fully recovered on both counts.

Reynolds' world series record against the Dodgers shows four victories and one defeat in three years. He pitched in four of the 1952 series games, winning two and losing one.

Although they won, the Yankees didn't add to their 9-game lead since second place Chicago and third place Cleveland also triumphed. The White Sox beat Washington 7-3, Cleveland 6-1 and Philadelphia 6-3 and Boston whipped Detroit 5-2.

In the National League, Robby Roberts of Philadelphia failed to win his 22nd game, bowing to St. Louis Cardinals 10-7. Pittsburgh beat Chicago 6-1 and New York slugged Cincinnati 4-3.

Brooklyn attack with four hits as the Braves came from five runs behind in beating Brooklyn. Pendleton hit a three-run homer in the fifth and drove in the tie-breaking run in the seventh.

The Cardinals exploded for six runs in the seventh inning at Philadelphia, including a three-run homer by Ray Jablonski and a bases empty blast by Steve Bilko.

Preston Ward hit a grand slam home run and drove in six tallies for Pittsburgh against his former Chicago teammates.

Robert Gomez, a pitcher who bought his way out of the Yankee farm system last season, won his 13th game for the Giants in beating Cincinnati. The Puerto Rican rookie is the biggest winner of the Giants staff.

The Athletics routed Bob Lemon with three runs in the first inning at Cleveland but Art Houtteman stopped them cold the rest of the way. Wally Westlake homered twice for the Indians.

The White Sox pounded four Washington pitchers for 1 hit. Nellie Fox paced the attack with three singles.

Al Fournell won his 18 game for Boston although he needed help from Ellis Kinder in the last two innings at Detroit. Dick Gernert homered with one on for Boston.

For 19 hits in its second straight game by Fogg and doubles by extra-base blows — homers by Floyd Fogg and Dee Johnson, a collected five of the game's seven victories over the Yanks. The Chicks Johnson and Bill Wilson.

Chattanooga cut down three Little Rock runners at the plate to preserve the "Lookouts' one-run victory. Bunky Stewart spaced six hits to post his 12th victory against nine losses.

One of the Little Rock hits was a home run by Stan Baumgartner with two mates on.

Meridian to Meet Oilers in Final Round

By the Associated Press

Meridian enters the Cotton States League's final playoff round tonight against El Dorado, hoping that Manager Tommy Davis' hitting will lead the pennant winners to a triumph less breath-taking than their first round conquest of Jackson.

Davis sparked Meridian against Jackson last night, slamming a 3-run homer as the Oilers won 19-0 to take the semi-final series four games to two.

The circuit smash was Davis' fourth in three games and accounted for his 13th run batted in during the 6-game series.

Right-hander Jimmy Dupuy, turned in the 9-hit shutout effort in the finale of the playoff's first round. Dupuy struck out six and walked four in nailing up his second playoff decision.

Jackson starter Harold Ren was no mystery to the hard-hitting Oilers, who jammed on him for two runs in the first inning.

The eighth inning proved a nightmare for Jackson as the Miller-touched Manager Duke Doolittle for five straight hits and five runs.

Doolittle had taken over hurling duties from Ren in the fifth inning. Davis' homer with two Millers aboard highlighted the score.

Light-hander Beverly Gross was nominated to open the final series which opens at Meridian tonight. The series moves to El Dorado after the first two games and back to Meridian should a sixth game be necessary.

Young Wrestlers Be Careful

PHOENIX, Ariz., (AP)—Eleven-year-old George Munnis and his sister Ellen, 13, sat down for a quiet evening of television last night.

A wrestling card flashed on the screen. Ellen caught George's right arm in a scissors lock, and it broke.

Their parents, Mr. and Mrs. W. E. Munnis of Vernon, Tex., said they will stay around until the fracture heals.

Plenty Wheat But Bread Prices Rise

NEW YORK — The housewife who thought that falling wheat prices on the Chicago Board of Trade might lead to cheaper bread at the grocery may be startled next week.

Some brands of bread will cost a cent a loaf more after Labor Day. In a few cities the price has already risen.

Bakers say that's because flour costs them more now than a year ago. Lard costs them more than at any time since 1951. The milk which some use costs more. Labor in baking and trucking the bread costs more.

Pictures of wheat surpluses overflowing storage bins and being left on the ground led many to expect a drop in the cost of flour and bread.

Purchasing agents in the baking industry, however, say they pay 60 cents more than last year for a hundred pound sack of the kind of flour used in bread making.

1.5 Million Vets Placed in Jobs

WASHINGTON — Over 1 1/2 million veterans were placed in jobs through the federal-state public employment service during the year prior to June 30.

In announcing this today, the Labor Department said the figure represents an increase of 96,000 over the previous year. More than 150,000 of the job placements were for Korean veterans.

The department said the increase in veterans' job placements was primarily due to favorable job opportunities, the expanding rate at which Korean veterans were discharged and special job finding services offered by local public employment offices.

Man's Ancestor?
The traveler is a small lemur-like animal. The name refers to the great elongation of two of the bones of the tarsus, or ankle. It appears to be nearer the ancestral tree of man than any other of the lemurs.

Allies Offer 3 Sites for Conference

WASHINGTON, (AP) — The Allies high fought on the U.N. side in oea will offer the Communists choice of three possible sites for he peace conference: Geneva, on Francisco or Honolulu. They will suggest that the conference begin Oct. 15. Under as of the armistice agreement, must start no later than Oct. 1, which is 90 days after the truce gning.

Diplomats who reported these recommendations yesterday said at Sweden would be asked by he United States to act as intermediary with the Communists. She aims diplomatic relations ith Red China.

The recommendations were ed upon at a session held by representatives of the 16 U. N. members which contributed oops to the war in Korea. South orea, not a U. N. member, also attended by invitation. She has een designated to sit with the .N. members at the peace onference.

The decision to recommend three ssible conference spots was aid have been made to give the omunists a maximum choice. ome diplomats privately expressed belief China might reject all ree and nominate some other ace.

Negro Home Council Opens Conference

LITTLE ROCK (AP) — The Arkansas Negro Home Demonstration Council opened its 17th annual convention here today at Arkansas Baptist College.

A pageant, "Fiftieth Anniversary of Extension Work," will highlight the 3-day convention which has drawn women from 38 counties.

3 Desperate Fugitives Recaptured

NEW ORLEANS (UP) — Three desperate fugitives, the last of six who escaped from the Jefferson Parish Prison last night, were captured today after bloodhounds surrounded them at the edge of a snake-infested swamp south of here.

Deputy Sheriff Joe Sharpe of the East Baton Rouge Parish Sheriff's office, one of about 200 searching for the convicts, said they surrendered meekly and handed over a gun as the dogs tracked them to a water-filled ditch.

Earlier, police and bloodhounds had surrounded a stagnant and tangled swamp near Phoenix after the three fugitives had been seen to fight their way into that wilderness.

At that time, hunters reported by radio that "we can't get in and they can't get out."

Authorities said the three apparently had returned to the edge of the giant swampy area and "hoped to make a break off open country."

Sharpe said the prisoners were "in a sad condition."

Their dejected nature was in sharp contrast to that at the time of their escape when one of their number, Herschell Addington, 21, of San Francisco, boasted he planned "to kill some cops."

The other fugitives nabbed in the swamp were Jerry Scott, San Antonio, Tex., and George Allen Elliott, 21, of New Orleans.

Thomas S. Cox, 27, San Antonio, serving a term for armed robbery and Robert Westfall, 25 New Orleans, surrendered earlier when treed by bloodhounds. Police said Cox tossed down two pistols.

Jesse Ford, a Negro trusty at the prison, was also caught.

Truman to Make TV Appearance

NEW ORK (AP) — Variety, the entertainment industry trade paper, reported today that former President Harry Truman will make his first commercial television appearance Sept. 20 and will be paid about \$8,000.

The report said he will appear on "Excursion," a Ford Foundation program over NBC aimed at younger folk, to discuss opportunities in America and the point 4 program to aid underdeveloped nations.

Truman's 10-minute talk is to originate from his office in Kansas City.

Variety said negotiations are going on for former President Herbert Hoover to appear on the same program.

WARNING to HOUSEWIVES

Reports coming to the National Better Business Bureau indicate that many women are being terribly upset by men selling cooking utensils house-to-house, who are telling them that the aluminum cooking utensils in their homes are bad for their health and should be thrown away.

These salesmen even make misleading boiling tests to show an apparently clouded condition of water boiled in aluminum.

The National Better Business Bureau states that these rumors being spread and these tricky tests are entirely false and misleading. Prominent health authorities, including the United States Public Health Service, state that there is absolutely no truth whatsoever in them. The Federal Trade Commission has branded such statements as false and its findings have been sustained by the courts.

So, ladies, be warned. Don't throw away your aluminum cooking utensils on the advice of some salesman who tries to interest you in some competitive cooking utensils. Aluminum cooking utensils are entirely safe and if you have the slightest doubt—ask your family physician or your local health department.

Any housewife who encounters this type of misrepresentation is urged to obtain the name of the salesman and the company, he represents, and forward it to the address below.

We have a booklet "The Safety of Aluminum Cooking Utensils", which will be sent free on request.

Mrs. Hobby Challenges Medical Men

SAN FRANCISCO (UP) — Mrs. Ovetz Culp Hobby has challenged the medical profession to protect the average American family from financial ruin resulting from "catastrophic" illness.

She said this must be done "with our own free-enterprise system, using the brains and experience of the doctors and specialists involved."

Mrs. Hobby, Secretary of the Department of Health, Welfare and Education, said yesterday there is a certain middle class group that is "frankly and ardently in favor of specialized medicine."

Families in the top income brackets can afford to pay their own way, according to Mrs. Hobby, and the low income groups can use publicly-supported clinics.

But the seriously affected people are those who would normally expect to pay their own way and who "neither by education nor background" can expect charity, she said.

Addressing the American Hospital Association's 55th annual convention, she urged medical men to provide non-edical and complete health protection.

"We have not yet found a way to save the average family from (financial) destruction by catastrophic illness," such as cancer, tuberculosis, strokes, congenital defects, arthritis and other long-lasting diseases.

She said Blue Cross and other similar health plans protect, militarily stability to hospitals.

"But is this enough," she asked.

"I think we all agree that it is not."

We must find a way within our own private enterprise system to combat this deficiency, Mrs. Hobby said.

"I should like to see the American Hospital Association and all organizations in the field of medicine applying their brains, their experience and their funds to the solving of this problem."

More than 10,000 hospital specialists are attending the one-day convention. Panel boards and discussions will continue through Thursday, when a banquet closes the meeting.

Government Trying to Avert Strike

WASHINGTON (UP) — The government stepped in today to try to head off a railroad strike planned for Sept. 10, possibly the first of a series of forthcoming rail walkouts.

Today's meeting called by the National Mediation Board concerns only a dispute between the carriers and the Conductors Union, but all the major rail unions are drawing up new demands.

The 35,000 member Conductors Union scheduled its walkout Sept. 10 over a long-standing demand for pay rates graduated according to the power of locomotives on trains the conductors man.

Engineers and firemen already have such a pay system.

The mediation board called in representatives of the union and of railroad associations to try to get

Lively Doings Expected in Demo Parley

By JAMES MARLOW
WASHINGTON (UP) — If the big "demo-parley" get-together in Chicago Sept. 14 and 15 is as fouled up as the preparations for it, there should be lively, if not harmonious, doings.

Since their election disaster in 1952 the Democrats have been piling wistfully toward Washington, which they occupied so long it must seem to them like a family estate overrun by intruders.

The two big goals ahead of them are trying to regain control of Congress in 1954 and both Congress and the presidency in 1956. If all goes well with them in Chicago they may be able to make some plans for the 1954 election.

Because this is their first national meeting since the Republicans took over in January, the Democrats will have no difficulty in not refraining from criticism of the Eisenhower administration's first eight months.

Preparations have been under way for weeks for this meeting, which will cover a lot more ground than just lambasting the Republicans.

It will be a welcome occasion for Adlai E. Stevenson, the party's 1952 presidential candidate, after his long trip abroad; the Democratic National Committee will meet; and there will be a \$100-a-plate dinner to raise money to pay off the National Committee's debts.

Former President Truman, who won't run again, will be there along with those who would like to run or have been mentioned as likely starters in the presidential sweepstakes three years from now.

Stevenson would probably like another try, but hasn't said so, and may find when nomination time comes around in 1956 — or perhaps even at this Chicago meeting — that he has a lot of opposition.

Tennessee Sen. Estes Kefauver who tried for the nomination last year, will be there, probably hoping the lightning strikes him next time. So will Missouri's Sen. Stuart Symington, who has been mentioned as a possible candidate.

But right in the midst of the preparations for all this John J. the strike called off pending efforts to work out a solution.

Meanwhile, nearly a score of other rail unions are planning to make new demands for pay raises and other benefits.

practically all the unions have been under a moratorium against making new labor cost demands on the carriers. This ban, which under previous agreements has applied to some workers for nearly three years, expires Oct. 1.

Kelly, Chicago lawyer and chairman of the dinner, quit with the explanation that his ideas coincided with those of Stephen A. Mitchell, who is national committee chairman by choice of Stevenson.

Some Southern Democratic leaders complained they hadn't been invited at all, although Mitchell said all Democratic senators, governors and representatives had been asked to attend.

The office of Sen. Byrd, Virginia Democrat who helped Eisenhower in his state in 1952 by refusing to support Stevenson, said he hadn't been invited. But Byrd said he wouldn't have gone anyway.

None of the Southern Democratic governors who supported Eisenhower said he'd go: Byrnes of South Carolina, Kenon of Louisiana, and Shivers of Texas.

There seemed to be some confusion about Shivers. Mitchell announced he had sent Shivers a telegram saying he had "noted" with deep distress newspaper reports that the Texan couldn't attend and others that he hadn't been asked.

In his telegram Mitchell told the Texas governor that he and his wife had been invited.

Florida's Sen. Holland just said flatly he wouldn't go because he

"FORE"... In the Oil Belt

When folks in the Oil Belt put something on, you can bet it will be among the best. And the annual Oil Belt Golf Tournament at El Dorado Golf and Country Club is an outstanding example of a sports event.

From September 4 to 7 this year, more than 300 golfers from Arkansas, Louisiana, Texas, Mississippi and elsewhere are expected to see off in the 26th annual event. I remember when a tourney slate of 50 to 60 was considered pretty good and play was over only nine holes — just a good weekend outing. But those El Dorado folks built it until it's one of the outstanding golfing attractions in the Southwest.

And you know — besides the golfers, the town buzzes at the scene with folks who just come as spectators. Good fellowship is the keynote and just like good golf and fellowship, beer belongs in the American community. The Brewers of America know that and endeavor constantly to see that their fine products are sold in the most wholesome surroundings.

McCarthy Questions Witnesses

NEW YORK, (UP) — Sen. Joseph R. McCarthy (R-Wis.) questioned six witnesses today about possible Communist infiltration in a military branch of the federal government.

McCarthy refused to identify the witnesses or name the "very important" military agency involved as he opened the new phase of his investigations into Communism at the federal courthouse here. There were reports that he is checking into the activities of civilian employees of the army.

The Senator, Chairman of the Senate Permanent Investigative Subcommittee, questioned the witnesses in private session and said he would continue the closed hearing here tomorrow. He described the witnesses as "both cooperative and uncooperative."

McCarthy said the military investigation was an outgrowth of his recent probe into alleged Communist espionage in the government printing office in Washington. He said he would not question any of the witnesses in public until he has conferred with those countries.

Colombian Textiles Good as Any

By J. E. PALMER

While many of the 50 newspapers and magazine people who traveled to visit Colombia, South America, as guests of the Colombian government had undoubtedly been entertained lavishly in many points, the people in Medellin, believe, far exceeded anything they had ever experienced before.

Our party arrived there, the morning of August 14, and that afternoon visited several of the textile plants.

The plants employ over 8,000 people, work three 8-hour shifts per day and turn out fabrics which will compare with those turned out

Bob Archer and Sarah of El Dorado.

C. H. Tompkins, Jr., of Shreveport was the weekend guest of his parents, Mr. and Mrs. C. H. Tompkins.

Mr. and Mrs. Charlie Buchanan and family of Camden were weekend guests of Mr. and Mrs. L. L. Buchanan and were accompanied home by Miss Shirley Buchanan who has spent the past week with Miss Mary Buchanan, Mrs. V. L. Worthington and Miss Dorothy Worthington.

That evening, the President and

anywhere else in the world. The equipment is thoroughly modern and up-to-date and the plants are clean and kept in good order. Starting wages are three pesos (one American dollar) per day of 8 hours and the average wage of all employees is about \$1.60 (American) per day.

The city is famous for its stores, including a biscuit and candy plant, Squibbs Drugs, Standard Fruit, Sterling and others. Continental Can is now preparing to enter the manufacture of molded plastics there. Many of these plants are owned jointly by Americans and Colombians, the division frequently being fifty-fifty.

The population of Medellin has been growing very rapidly for the last twenty-five years and it is continuing to grow. The present population being 200,000. The city is picturesque and quaint and at the same time modern in entertainment facilities and tourist accommodations, including a new hotel.

The President of Colombia, Lieutenant General Gustavo Rojas Páez, came to Medellin the day after we arrived and addressed a crowd of over 30,000 people in the Plaza that afternoon after which he and his family were taken to the Hotel El Comodoro.

Our party had an opportunity to visit the plant of El Comodoro, the leading newspaper in Medellin, and meeting Julio C. Hernandez and others of their staff. They have a very complete office June 13, and apparently is very popular all over the country. I heard estimates ranging all the way from 90 per cent to 99 per cent of how the people were interested in the newspaper.

That evening, the President and

they could assist us.

Soldier to Find Death Certificates

GALENA PARK, Tex. (UP) PFC Walter B. Dixon, whose sister has two death certificates for him — one signed by former President Truman — faced a dilemma today.

Back from the dead in the continuing prisoner-of-war exchanges at Panmunjom, the 24-year-old Galena Park soldier was reported killed in action May 18, 1951.

Today, his 23-year-old wife, Mrs. Agnes Dixon of Lagrange, N. C., has a 1-year-old son by her second husband, PFC William S. Sasser of Lagrange. The boy was born seven months after her second marriage was annulled.

The sister, Mrs. Lorean Storey Agnes married again, but I don't know if he is aware that she had a child.

"I've told him everything in many letters, but I don't know if he got all the letters. He has never mentioned the child to me in any of his letters. He did say he would do whatever Agnes wanted to do."

Mrs. Dixon, in Lagrange, refused to talk last night to newspapermen who reached her by telephone. Mrs. Storey said her sister-in-law revealed no plans to her in a letter she had from North Carolina last week.

"But she did say she was very anxious to see Walter," the sister said.

Mrs. Storey said Agnes legally cannot divorce PFC Dixon until he returns to United States. The couple were together only five days Mrs. Storey said. He was ordered after their April 5, 1950, marriage, to the West Coast and about a month later shipped to Korea.

It was not until late in 1951 that the Communists released his name as a war prisoner.
